### MEDICAL CONSENT TO TREAT STUDENT; AUTHORIZATION TO DISCLOSE STUDENT’S MEDICAL INFORMATION

*Consent may be required in order for Student to participate in an athletic program. Consent is effective until it is revoked by a parent or guardian, or until Student is no longer enrolled at the School.*

**If no box is checked, it is assumed that consent is NOT given. Please check all applicable.**

**Yes**  **No** If the athletic staff determines that Student is in need of immediate medical attention beyond that which can be provided by the athletic staff at School (and, if a minor, the Student’s parent, guardian, or emergency contact cannot be reached) the athletic staff may use their judgment in securing medical aid, including ambulance service and admittance to a hospital if needed.

**Yes**  **No** The athletic staff, including athletic trainers, coaches, or other qualified personnel may apply first aid treatment for any injury sustained during participation in athletic programs sanctioned by School; the athletic trainer may evaluate and treat other emergent or non-emergent Student injuries or medical conditions, including concussion baseline testing, brought to the athletic trainer’s attention as they relate to the Student’s physical activity, conditioning or injury prevention, regardless of whether or not the Student participates in athletics.

**Yes**  **No** If available at School, School’s athletic trainer may provide appropriate treatment modalities, such as ultrasound and electronic stimulations to treat any Student injury or other medical condition.
